## EXPERIENCE

### • Digicorns Technologies

July 2024

Web Developer Intern

Noida

- Contributing as a Backend Developer and Manual Tester in an ongoing Web Development internship.
- Worked on 70+ projects, handling both development and testing tasks.
- Developed and tested notable websites including personallegacyplans, Ihopehomehealth, nationalbuscharters, touchofafinger, and debbiecoach
- Played an essential role in backend development, focusing on server-side scripting and database management to ensure efficient system performance
- Conducted thorough manual testing to identify and fix bugs, enhancing website reliability and functionality.

### • 75-hour Java In-house Summer Internship

2023

Internship

Inderprastha Engineering College

- Completed a summer internship in Java at Inderprastha Engineering College
- Enhanced Java programming skills, contributed to real-world software projects, and strengthened teamwork, preparing for a career in software engineering.

### • Industrial Training Cybersecurity at Cisco

2023

Internship

Cisco

- Gained hands-on experience in network security, threat detection, and data protection through practical projects.
- Bridged the gap between theoretical knowledge and real-world application in cybersecurity, enhancing technical proficiency.

## PERSONAL PROJECTS

### • Stock price prediction using time series analysis - 2024

Developed a stock prediction model with sentiment analysis, created a Streamlit app, and implemented real-time price alerts.

- Tools & technologies used: ML-Based Stock Prediction, Sentiment Analysis, Streamlit Interface, Real-Time Alerts
- Built a stock prediction system using Python, time-series analysis, and sentiment analysis. Developed a user-friendly Streamlit app with real-time alerts.

### • Aahar - 2023

Aims to revolutionize food delivery by enhancing efficiency and user-centricity, with features for pre-scheduling large orders.

- Tools & technologies used - Html, Css, JavaScript, Python
- The project streamlined large-scale order scheduling, improved efficiency, and provided real-time updates with scalable cloud hosting.

## EDUCATION

### • Computer Science Engineering

2024

Inderprastha Engineering College (IPEC) Ghaziabad, Uttar Pradesh, India

CGPA/Percentage: 74.8%

### • Government Industrial Training

2020

GR09001492-Government Industrial Training Institute, Banda, Uttar Pradesh, India

CGPA/Percentage: 80.0%

### • Senior Secondary

2018

Saraswati Vidya Mandir Inter College, Banda, Uttar Pradesh, India

CGPA/Percentage: 70.4%

### • High School

2016

Saraswati Vidya Mandir Inter College, Banda, Uttar Pradesh, India

CGPA/Percentage: 83.5%

## TECHNICAL SKILLS

Languages And Databases - Html & Css , JavaScript , Java , MySQL

Frameworks And Developer Tools - Spring Boot , WordPress , VS Code , Photoshop

Soft Skills - Manual Testing , Performance Testing , Software Development Life Cycle , Software Testing Life Cycle

Areas of Interest - Software Engineering , Software Development , Testing

## ADDITIONAL INFORMATION

### • Event Certificate - Spark-2021 , Internship as a 'java scholar intern'

2021

### • Grazia - The fashion show - APJ Abdul Kalam Cultural Fest

2022

### • Theatre - 1st Position - Official Society of IPEC Craftomaniacs

2023

## ACTIVITIES

Coding, Cricket, Dance
